

## It's the "Little Things that Matter: Pre-Hospital Challenges with Newborns

December 8, 2022

12:00—1:00 pm

### Description

There will be a short review of assisting birth in the pre-hospital environment. The speaker will focus on term versus pre-term neonatal treatment considerations, respiratory and cardiac resuscitation, temperature management, and hypoglycemia.

### Key Learning Objectives:

- Airway management of the preterm/term newborn out of hospital environment.
- Temperature management of the preterm/term newborn out of hospital environment.
- Cardiac arrest/resuscitation of the preterm/term newborn with limited resources in the out of hospital environment.

**Who Should Attend:** EMT's, Paramedics, First Responders, RN's, and Medical Providers.

**Instructor:** Mary Woodley-Douglas, RN, CFRN, CEN, Flight Nurse, North Memorial Air Care
